

StockPredictorAI

Welcome to **StockPredictorAI**, the ultimate platform where financial insight meets social competition. Whether you're a seasoned analyst or a rising star, our platform empowers you to predict market movements, climb the leaderboards, and monetize your expertise.

This walkthrough showcases the core features of our application, designed to provide a seamless and engaging experience for all users.

1. The Hub: Community Feed

Your journey begins here. The **Home Page** is now your central hub for market intelligence, featuring the **Live Community Feed**. See real-time predictions from all users, filter by "Active" to see live calls, or "Assessed" to see past performance. It's the best place to find new trading ideas immediately upon login.

The screenshot shows the 'Explore Predictions' section of the StockPredictor AI website. At the top, there are filters for 'Filter by Stock' (e.g., AAPL), 'Prediction Type' (All), 'Sort By' (Most Recent), and a checkbox for 'Show Verified Predictors Only'. Below the filters, there are two cards: one for Analyst1 predicting \$180.50 (3.1%) for AAPL by Mon, Dec 1, and another for Analyst2 predicting \$250.00 (4.2%) for TSLA by Mon, Dec 1. Each card includes a 'Daily' button, a like/dislike count (0/0), and a 'Follow' button.

2. Watch Your Favorites: Watchlist

Keep a close eye on the assets that matter to you. The **Watchlist** allows you to track specific stocks and see their latest performance and community sentiment at a glance.

The screenshot shows the 'My Watchlist' section of the StockPredictor AI website. It features a header with a search bar, a '+' button, a bell icon, and a menu icon. Below the header, the 'My Watchlist' section displays four stock cards: TSLA (\$430.17, 0.8%), DUOL (\$191.41, 1.6%), AMZN (\$233.22, 1.8%), and HOOD (\$128.49, 0.2%). The 'Active Predictions for TSLA' section shows two predictions from Faruk Altan: \$485.00 (12.7%) and \$410.04 (-4.7%). The 'Recommended Predictors' section lists three users: Omer Arar (Avg Rating: 79.59), Tom Johnson (Avg Rating: 70.28), and Hakan Arar (Avg Rating: 88), each with a 'Follow' button.

3. 🔥 Pulse of the Market: Hourly Winners

Stay updated with the **Last Hour's Winners**. This real-time feed highlights the top-performing predictions from the community, giving you instant insight into who's making the right calls *right now*.

The screenshot shows the StockPredictor AI interface with a dark theme. At the top, there are navigation links: "Make a prediction" and "View BHP Stock Page" on the left, and "BREAKING EARNINGS: Upcoming earning day for CRWD is this Tuesday." with "Make a prediction" and a close button on the right. Below the header is a search bar with placeholder text "Search stocks..." and a green search icon. To the right of the search bar are three icons: a green circle with a plus sign, a bell, and a menu icon.

Last Hour's Winners: A section titled "Last Hour's Winners" with a subtitle "(Based on today's hourly predictions)". It displays the message "No predictions assessed yet." and a note "Next results in: 23m 13s".

Market Watch: A section titled "Market Watch" listing the following assets and their performance:

Asset	Current Price	Change (%)
Gold	\$4,254.90	1.3%
Bitcoin	\$91,791.00	1.1%
Ethereum	\$3,045.75	1.5%
EUR/USD	\$1.16	0.0%
Meta Platforms, Inc.	\$647.95	2.3%
NVIDIA Corporation	\$177.00	-1.8%

Today's Top Performers: A section titled "Today's Top Performers" with a subtitle "(Based on today's hourly predictions)". It displays the message "No data yet today."

Long-Term Leaders: A section titled "Long-Term Leaders" which is currently hidden (indicated by a greyed-out state).
